SUMMARY

Motivated Full-Stack Python Developer with hands-on experience in building web applications using Python, Django, and REST APIs. Proficient in frontend development with HTML, CSS, and JavaScript, and experienced in working with both relational and NoSQL databases such as MySQL and MongoDB. Strong foundation in data analysis and visualization using NumPy, Pandas, and Matplotlib. Passionate about developing scalable, efficient, and user-centric applications, with a strong willingness to learn and grow in a professional development environment.

SKILLS

Programming Languages : Python, JavaScript
Web Technologies : HTML5, CSS3, ReactJS, Django, REST API
Databases : MYSQL, Mongo DB
Version Control & Tools : GitHub, PyCharm, Jupyter Notebook, VS Code
Python Libraries : Numpy, Pandas, Matplotlib
Soft Skills : Problem-solving, Quick Learner, Adaptability, Teamwork

PROJECTS

Project: Library Management System

Technologies: Python, MySQL, Exception Handling, Functions

- Developed a **Library Management System** using **Python and** MySQL to manage book records efficiently.
- Implemented **CRUD operations** (Add, View, Update, Delete books) using MySQL **queries.**
- Used **modular Python functions** to improve code reusability and maintainability.
- Integrated **MySQL database connectivity** for real-time storage and retrieval of library data.
- Applied **exception handling** (try–except blocks) to handle database errors and invalid user inputs gracefully.
- Ensured application stability by preventing runtime crashes during incorrect operations.
- Executed **SQL queries** (INSERT, SELECT, UPDATE, DELETE) to maintain accurate book records.
- Performed **testing and debugging** to validate data consistency and proper error handling.

Project: Bike Rental Tariffs in Hyderabad
Technologies: HTML5, CSS3 (Grid Layout)

- Developed a Bike Rental Tariffs web page for Hyderabad using HTML and CSS Grid.
- Used grid-based layouts to present pricing and bike details clearly.
- Designed responsive and user-friendly page layouts.

EDUCATION

POST GRADUATION
Master of Business Administration (MBA), Finance
Vaagdevi Degree and PG College
2021-2023

GRADUATION
Bachelor of Science in Mathematics, Physics, and computer Science
Sri vaagdevi Degree College
2018-2021

AFFIRMATION

I hereby declare that the information furnished above is true to the best of my knowledge and belief.
